

GRADUATE PROGRAM NESTLÉ 2011

ARE YOU READY TO LAUNCH YOUR CAREER IN AN INTERNATIONAL COMMUNITY OF ENGINEERING PROFESSIONALS?

We have a unique opportunity for recent graduates in the area of Mechanical, Chemical or Pharmaceutical engineering, and Food or Agronomy technology.

Our 2 year Graduate program will enable you to participate on international projects as you build world class expertise in key engineering specialisms. You will also increase your professional skills and knowledge in a range of techniques including Lean, Six Sigma, Project management, Product management etc.

You will need to have a strong academic record, be comfortable working in English and be mobile both nationally and internationally. You will be prepared to drive your career challenges independently and build your career in Nestlé where development is limited only by your ambition.

The Graduate program is an excellent preparation for further professional growth and career in Nestlé!

If you are ready to open your eyes to a world of potential, get in touch and send your CV until September 30th 2011 and tell us, why you are right for us!

COMPANY PROFILE

Nestlé is the largest food company in the world with focus on confectionery, coffee and beverages, culinary, infant and healthcare nutrition, cereals, premium ice cream and pet food. The company was established in 1866 and employ over 280,000 people in 443 factories in 81 countries.

The company history in Czech and Slovak market dates back to 1890 and currently employs almost 3,000 employees in two offices (Prague and Bratislava) and three factories (Olomouc, Holešov and Prievidza). The main Nestlé brands in CZ & SR are Orion chocolate, Nescafé coffee, Maggi culinary products, Fitness cereals and Purina pet food.

Nestlé also supports activity on sport, environment and healthy lifestyle.
