

## CV | René Fáber

### Career

René Fáber, born in 1975, has been Head of Bioprocess Solutions Division and Member of the Executive Board of Sartorius AG since 2019. In the same year, he has also become Member of the Board of Directors of Sartorius Stedim Biotech S.A. and was appointed as CEO of the company in 2023.

Mr. Fáber studied chemistry in Bratislava, Slovakia, and earned his Ph.D. in polymer chemistry at the Technical University of Munich in Germany. He joined Sartorius in 2002, where he initially worked as a scientist on membrane modification. As Vice President, he held various management positions in R&D, Marketing for Filtration and Fermentation Technologies, as well as in Key Account Management. In his most recent position, he was responsible for the Product Development unit of the Bioprocess Solutions Division.

### Other Activities

Mr. Fáber is member of the Beirat (Advisory Board) of Curexsys GmbH, Germany.
